

SQL Practice Questions & Solutions

Topic 1: SELECT

Q1. Weekend Marketing Campaign

The marketing manager is preparing a WhatsApp campaign for all registered customers.

Before sending messages, she wants a complete list of customer information exactly as it exists in the system so the team can verify data quality.

The screenshot shows the MySQL Workbench interface. The SQL editor contains the following query:

```
1 • use unox;  
2 • show tables;  
3 • select * from user;  
4 -- RA2311026010321  
5 -- Q1. Weekend Marketing Campaign  
6 -- The marketing manager is preparing a WhatsApp campaign for all registered customers.  
7 -- Before sending messages, she wants a complete list of customer information exactly as it exists in the system so the team can verify data quality.  
8 • select * from user;  
9 -- RA2311026010321
```

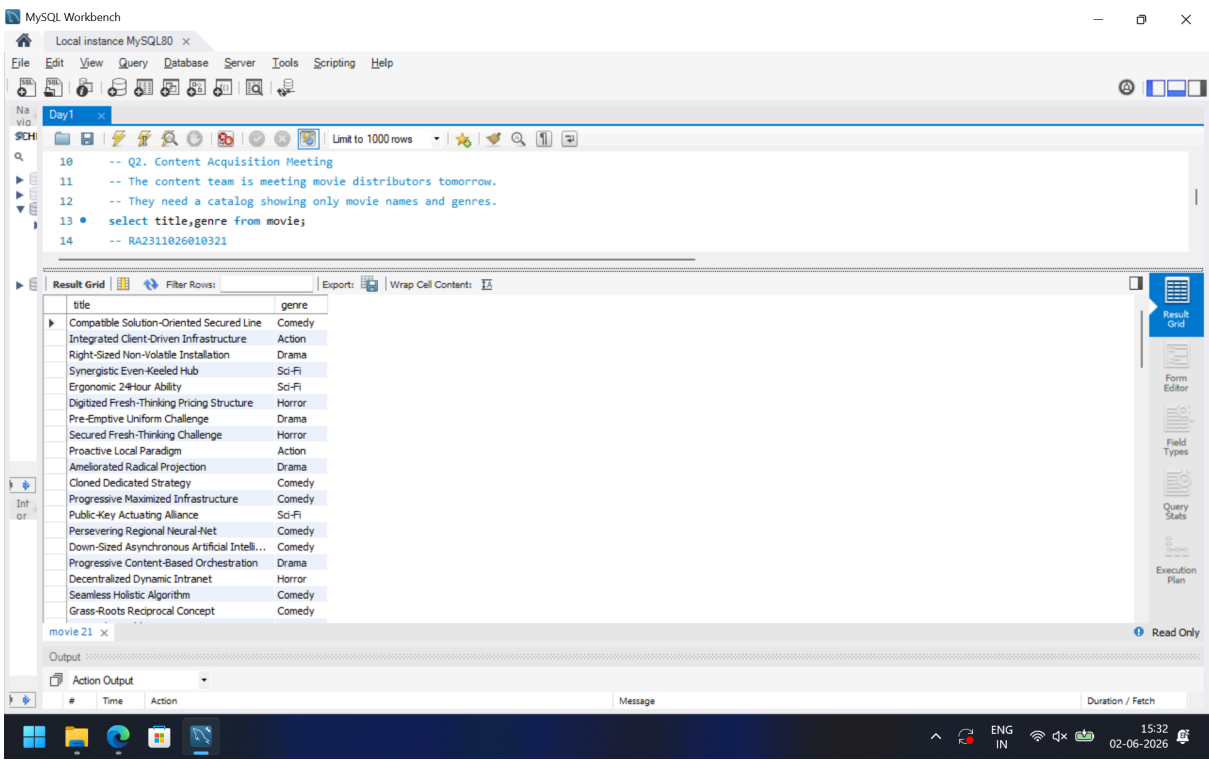

The Results Grid displays the output of the query, showing a table with columns: user_id, name, email, and phone. The table contains 14 rows of customer data.
